

Parkash Kumar

MERN Stack Developer

As a Computer Science graduate with a passion for full-stack web development, I have over a year of experience as a MERN Stack Developer. I specialize in building dynamic, scalable, and user-friendly applications using **MongoDB, Express.js, React.js, and Node.js**. With expertise in both frontend and backend development, I craft seamless digital experiences that prioritize performance, usability, and efficiency. My skill set includes RESTful APIs, state management, authentication, and responsive UI/UX design, ensuring high-quality and engaging web applications.
